### Solutions for the Climate Change

- use public transportation
- use filters for factories
- plant more trees
- don't use perfumes/deodorants
- use electrical cars
- don't waste food/water
- use renewable energy sources
- recycle items
- protect forests/nature/animals
- Turn off the lights

We are ready for the  
great news 🥰

### IDENTIFICATION

**Problem Statement:** 10th Class  
English Language II  
Students were asked to  
write a paragraph about  
the importance of  
learning English.  
Students were able to offer  
different solutions  
to the problem.  
Students were able to talk about  
the importance of learning  
English in a general sense.  
Students were able to describe a  
situation in English.  
Students were able to give an  
opinion about the importance of  
learning English.  
Students were able to present a  
solution to the problem.  
Students were able to write short  
texts about the importance of  
learning English.  
Students were able to make an  
opinion about the importance of  
learning English.

### OBJECTIVES

**Our objectives are:**

- to raise awareness
- to gain life skills
- to develop writing skills
- to work with the students
